

MADE HER HEIR WHO TRIED
TO RECONCILE HIM TO WIFE.Widow to Contest Will of L. C.
Neway Giving Most of His Prop-
erty to Mrs. M. C. Conroy.

Mrs. Rebecca Neway of Brooklyn, widow of Lewis C. Neway, a wealthy builder of Richmond Hill, L. I., has taken steps at Jamaica to contest his will, in which he left the major portion of a \$20,000 estate to Mrs. Mary C. Conroy of Richmond Hill, whom he called his "dearly beloved friend." The widow alleges undue influence exerted by Mrs. Conroy, in whose home Neway took his meals for several years, when separated from his wife.

Neway left his widow one-third of the proceeds of his real estate and only \$5 each to his six sons "because they have been unfaithful and undutiful to me," the will said. The sons sided with their mother several years ago when she sued for a separation.

Mrs. Conroy frequently attempted to reconcile Mr. and Mrs. Neway. It is said, and Neway so appreciated her friendliness that he made her his chief legatee. Neway died in St. Mary's Hospital, Jamaica, on March 15, and there is said to have been a deathbed reconciliation between the couple, but Mrs. Neway denies that Mrs. Conroy had anything to do with bringing it about.

TUBERCULOSIS

Yielding to Science

If suffering from continued cold, clinging cough, headaches from catarrh or any of the after effects of La Grippe, do not neglect, do not put off until a serious or incurable stage of throat or lung disease develops.

The early symptoms of these diseases are so puzzling that they often baffle the physician and he is liable to confuse one disease with another, not knowing exactly whether he has a case of bronchitis, catarrh of the throat, asthma, heart condition or even tuberculosis.

If uncertain about your condition consult Dr. Anderson, successful Specialist in the cure of Tuberculosis and Chest Disease.

By means of his Anderson X-Ray examination he can detect the earliest signs of disease within the lungs or chest before the tubercular germs are present in the system, and before the breaking-down stage occurs.

PERMANENTLY cured cases are on record at his office, as used of Dr. Anderson's successful treatment of Tuberculosis and other lung disease. Persuade and outdoor exercise are necessary, but they are not all that is needed for a treatment or cure of serious Throat or Lung Trouble.

Dr. Anderson, a renowned expert Lung Specialist, has given consultation without charge at his office, 50 West 22d St. (between 5th and 6th aces), New York. Hours—10 to 4 (Sundays, 11 to 2); Monday, Wednesday and Friday evenings till 8 o'clock. New descriptive booklet sent upon request.

Every suit is of a fashionable model—style that are found exclusively in suits at \$25.00 to \$39.75—and will please the most discriminating woman who appreciates smart and refined effects.

The materials comprise the newest "Spring Suits," such as English whipcord, fine serges, imported mixtures in mannish and striped effects and novelty fabrics, in all the newest Spring shades.

The coats are semi-fitting, 24 and 26 inches long; plain tailored, with notch collar or with fancy new shaped collar and revers; trimmed with satin, hand-embroidered linen, bengaline, silk braid, tussah, pique. Many are trimmed with new crystal buttons, all are lined with fine pique de cygne or messaline in pleasing shades.

Newest model skirt trimmed to match coats. Remember, the quantity is limited, so be on hand early if you wish to obtain the finest suit ever purchased at the remarkable price of..... \$18.75
